Revised: 31 May 00

INCREASE YOUR PROFITS THROUGH THE USE OF VALUE ENGINEERING

LOOK FOR THE COST REDUCTION OPPORTUNITIES WHICH MAY EXIST IN YOUR CONTRACT.

Contractors Guide: WEB Page:
http://www.osc.army.mil/rm/rmp/ve/industry%20info.htm

Here's what to do

... and how to do it

LOOK FOR UNNECESSARY OR OVERSPECIFIED REQUIREMENTS SUCH AS:

- SOLE SOURCE PARTS
- INSPECTION/TESTING
- PACKAGING
- SPECIFICTION/STANDARDS
- PRODUCTION PROCESSES
- HIGH COST MATERIALS

Training:
http://www.osc.army.mil/rm/rmp/training.htm

For details refer to the Value Engineering Incentive Clause Federal Acquisition Regulation (FAR) 52.248.1

WEB Page:
http://farsite.hill.af.mil/VFFARA.HTM

Call our Value Engineering staff 309/782-3470 or 793-6260 or e-mail us at Zelniog@osc.army.mil

WEB Page:
http://www.osc.army.mil/rm/rmp/veindex.htm

If your Value Engineering Change Proposal is adopted you may share:

- up to 75% of the net savings on the current contract
- up to 75%on future purchases of the item/service for a 3-5 year period
- 20-100% of the annual collateral saving realized out side of the contract
